

OVERLAY

My Beloveds, I come to you this day to give you information with regards to the growing and expansion of your Chakra System. This is a direct result of a rising of mass consciousness and much work being undertaken by many 'Lightworkers'.

One of the Chakras which are now emerging into being is to be known as the 'High Heart'. This lies over the Thymus area of your physical body and holds the metaphysical connection of *PURITY*. There is much *joy* being expressed within the Realms of the Ascended Ones, we offer you our congratulations and a wish that *all* continue with this important aspect of Spiritual Work, for the betterment of Humanity.

You have been working within the seven year cycle of your Chakras and this is where the thrust of my recent communications through the Channel of Ishmael lie; therefore the years of 2005/2006, now have an 'Overlay' of 'High Heart' Chakra. Know that this 'Purity' emanates from your connection to 'Original Birth'; your connection to 'Divine Spark'; and expressions of God's Intent.

Is this not a wonder of wonders?

Beloved Ones I give you the energy focus for each month; overlay this information upon our regular communications
